

myNuspire

Comprehensive Security Program Management in One Platform

myNuspire is an integrated cybersecurity platform that combines human expertise, advanced AI and cutting-edge technology to provide unified visibility and management across your entire security ecosystem.

UNIFIED VISIBILITY ACROSS YOUR SECURITY ECOSYSTEM

- **Holistic View:** Gain comprehensive insights across your entire security tech stack with myNuspire's integrated platform.
- **Customizable Dashboards:** Access persona-based dashboards that provide actionable insights tailored to your specific needs.
- **Real-Time Data:** Utilize real-time data to make informed decisions and drive continuous improvement in your security program.

OPTIMIZED RESOURCE ALLOCATION

- **AI-Powered Automation:** Automate routine tasks with Nutron AI, allowing your team to focus on strategic initiatives.
- **Consolidated Functions:** Reduce costs and streamline operations by integrating your security tools and services into one platform.

DATA-DRIVEN SECURITY INSIGHTS AND RECOMMENDATIONS

- **Robust Analytics:** Correlate connected security tools with Nuspire's threat intelligence for unique security insights.
- **Prioritized Recommendations:** Receive data-rich recommendations to quickly improve your security program based on your specific context.
- **Gap and Overlap Analysis:** Identify gaps and overlaps in your security posture to optimize resource allocation and effectiveness.
- **Contextual Threat Intelligence:** Combine your technology and source data with Nuspire's enriched threat intelligence for a deeper understanding of attack vectors and indicators of compromise.

ENHANCED SECURITY CAPABILITIES

- **Proprietary Tools:** Leverage Nuspire's Threat Modeling Tool (TMT) and Cyber X Platform (CXP) for actionable insights and enriched threat intelligence.
- **24/7 Expert Support:** Access around-the-clock support from Nuspire's team of cybersecurity professionals, acting as an extension of your in-house resources.
- **On-the-Go Management:** Manage real-time visibility and incident capabilities with the Nuspire Mobile App, even when you're away from your desk.

Today's Cybersecurity Challenges

- **Lack of Visibility:** Difficulty gaining a holistic view across the security tech stack
- **Resource Constraints:** Talent shortages and budget limitations
- **Operational Inefficiencies:** Reduced productivity due to multiple applications and dashboards
- **Emerging Threats:** Constant evolution of the threat landscape

BUILT BY CISOS FOR CISOS

Understanding and addressing your challenges firsthand.

TECHNOLOGY-AGNOSTIC INTEGRATION

Supports best-in-breed solutions, allowing flexibility in your technology choices.

INDUSTRY-SPECIFIC CUSTOMIZATION

Tailored solutions that address the unique threats and requirements of your sector.

ETHICAL AI PRACTICES

Committed to responsible and transparent AI development.

CONTINUOUS IMPROVEMENT

Regular updates and enhancements ensure your security program remains effective and adaptive.

Ready to transform your cybersecurity strategy?

Contact Nuspire today to enhance your security posture and deliver tangible results.

Nuspire: Your partner in intelligent, unified protection.

About Nuspire

With over 25 years of expertise, Nuspire is redefining cybersecurity. The company delivers innovative managed security services (MSS), managed detection and response (MDR), endpoint detection and response (EDR), and consulting solutions tailored to clients' needs. Nuspire's technology-agnostic platform and data-driven intelligence seamlessly blend human expertise, advanced AI/automation and advanced technologies to provide unprecedented visibility, control and predictive intelligence across clients' cybersecurity infrastructure. Driven by uncompromising excellence, Nuspire's experts and 24x7 SOCs empower clients to confidently navigate the evolving threat landscape.
