

Incident Response Readiness

Tabletop Exercise (TTX)

Same Mission. Same Team. New Name. Nuspire is now PDI Security and Network Solutions.

Strengthen your cyber defense with real-world scenarios that not only boost preparedness and response, but also pinpoint and address security gaps to fortify your digital assets and reputation.

Anticipate, Address, Assure: Identify and Remediate Security Gaps for Total Incident Preparedness

SCENARIO-BASED PREPARATION

Tailored Cybersecurity Scenarios: Identify your unique risks, then explore tailored scenarios that will hone your team's reflexes against the most critical threats.

DYNAMIC RESPONSE TRAINING

Interactive Incident Response Simulation: Experience the full spectrum of incident response, from detection to recovery, challenging your incident response team with dynamic scenarios that test their decision-making, communication and policy application skills in a real-world environment.

COMPREHENSIVE ANALYSIS AND REPORTING

Insightful Post-Exercise Debrief: Get a detailed debrief, during which our experts analyze outcomes, define strengths and identify areas for improvement. This provides a roadmap for refining your cybersecurity strategies and incident response plans.

CONTINUOUS IMPROVEMENT AND ALIGNMENT

Stakeholder Engagement and Process Validation: Foster a unified front against cyber threats by engaging key stakeholders across IT, legal and executive teams, ensuring a comprehensive cybersecurity strategy that's rigorously tested and refined for peak resilience.

SERVICE COMPONENTS

PDI Incident Response Tabletop Exercise Service Includes:

- Scenario Selection
- Interview Coordination
- Real-World Scenario Walkthrough
- Incident Response Program Findings Presentation

PDI IR TTX Outcomes

Real-World Scenario Familiarization

Gain insights into potential cyber threats and learn effective response strategies.

Team Coordination Enhancement

Strengthen collaboration among incident response team members under pressure.

Incident Response Plan Validation

Identify gaps in your current plan and refine procedures for a robust defense mechanism.

Risk Mitigation

Reduce response time and minimize potential financial and reputational damage during actual incidents.

Stakeholder Alignment

Ensure cross-functional understanding and validation of roles and responsibilities in incident management.

Continuous Improvement

Leverage the exercise's outcomes for ongoing enhancement of your cybersecurity capabilities..

Strengthen your cyber resilience with deep-rooted cybersecurity expertise

Rely on PDI Cybersecurity Consulting Services to support you in strengthening your cybersecurity posture, reducing response times, and ensuring that your team is confident and ready to face cybersecurity challenges head-on.

About PDI Security and Network Solutions

With over 25 years of expertise, PDI Security and Network Solutions (formerly known as Nuspire) is redefining cybersecurity and network management through intelligent unification and unparalleled protection. The company delivers fully managed security and network services, including managed detection and response (MDR), endpoint detection and response (EDR), Firewall as a Service, 5G as a Service, and Wi-Fi as a Service. Their technology-agnostic platform seamlessly integrates human expertise, advanced AI, and cutting-edge technologies, providing holistic visibility across security and network infrastructure. PDI's 24x7 SOC's and expert teams enable organizations to stay ahead of emerging threats while optimizing investments.

Ready to transform your cybersecurity strategy?
