

PDI Cybersecurity Platform

Comprehensive Security Program Management in One Platform

Same Mission. Same Team. New Name. Nuspire is now PDI Security and Network Solutions.

SERVICE OVERVIEW

The PDI Cybersecurity Platform is an integrated cybersecurity platform that combines human expertise, advanced AI technology and cutting-edge technology to provide unified visibility and management across your entire security ecosystem.

UNIFIED VISIBILITY ACROSS YOUR SECURITY ECOSYSTEM

- **Holistic View:** Gain comprehensive insights across your entire security tech stack with the PDI Cybersecurity Platform's integrated capabilities.
- **Customizable Dashboards:** Access persona-based dashboards that provide actionable insights tailored to your specific needs.
- **Real-Time Data:** Utilize real-time data to make informed decisions and drive continuous improvement in your security program.

OPTIMIZED RESOURCE ALLOCATION

- **AI-Powered Automation:** Automate routine tasks with advanced AI technology, allowing your team to focus on strategic initiatives.
- **Consolidated Functions:** Reduce costs and streamline operations by integrating your security tools and services into one platform.

DATA-DRIVEN SECURITY INSIGHTS AND RECOMMENDATIONS

- **Robust Analytics:** Correlate connected security tools with PDI's threat intelligence for unique security insights.
- **Prioritized Recommendations:** Receive data-rich recommendations to quickly improve your security program based on your specific context.
- **Gap and Overlap Analysis:** Identify gaps and overlaps in your security posture to optimize resource allocation and effectiveness.
- **Contextual Threat Intelligence:** Combine your technology and source data with PDI's enriched threat intelligence for a deeper understanding of attack vectors and indicators of compromise.

ENHANCED SECURITY CAPABILITIES

- **Proprietary Tools:** Leverage advanced AI technology within PDI's Cybersecurity Platform for actionable insights and enriched threat intelligence.
- **24/7 Expert Support:** Access around-the-clock support from PDI's team of cybersecurity professionals, acting as an extension of your in-house resources.
- **On-the-Go Management:** Manage real-time visibility and incident capabilities with the PDI Mobile App, even when you're away from your desk.

BUILT BY CISOS FOR CISOS

Understanding and addressing your challenges firsthand.

TECHNOLOGY-AGNOSTIC INTEGRATION

Supports best-in-breed solutions, allowing flexibility in your technology choices.

INDUSTRY-SPECIFIC CUSTOMIZATION

Tailored solutions that address the unique threats and requirements of your sector.

ETHICAL AI PRACTICES

Committed to responsible and transparent AI development.

CONTINUOUS IMPROVEMENT

Regular updates and enhancements ensure your security program remains effective and adaptive.

Today's Cybersecurity Challenges

- **Lack of Visibility:** Difficulty gaining a holistic view across the security tech stack
- **Resource Constraints:** Talent shortages and budget limitations
- **Operational Inefficiencies:** Reduced productivity due to multiple applications and dashboards
- **Emerging Threats:** Constant evolution of the threat landscape

About PDI Security and Network Solutions

With over 25 years of expertise, PDI Security and Network Solutions (formerly known as Nuspire) is redefining cybersecurity and network management through intelligent unification and unparalleled protection. The company delivers fully managed security and network services, including managed detection and response (MDR), endpoint detection and response (EDR), Firewall as a Service, 5G as a Service, and Wi-Fi as a Service. Their technology-agnostic platform seamlessly integrates human expertise, advanced AI, and cutting-edge technologies, providing holistic visibility across security and network infrastructure. PDI's 24x7 SOC's and expert teams enable organizations to stay ahead of emerging threats while optimizing investments.

Ready to transform your cybersecurity strategy with AI-powered intelligence?

Contact PDI today to learn how PDI AI technology can revolutionize your security operations.
